BOLT floor 1 arm

Design by Anton de Groof, 2013

Starting point for the products of Tonone is the passion for traditional mechanics. The first product line that resulted from this fascination is the lamp series 'Bolt'. Key element in this industrial series is the joint construction that can be adjusted with a wingnut-shaped tool. Besides being a functional tool, this wingnut is integrated in the design of the lamp itself as a distinctive visual element. The Bolt collection is available in 29 different models and in 10 colors.
