

NOSTA / C1B

assembly instructions

General installation and maintenance directives concerning factory guarantee: Connecting and testing the lamps must always happen by an acknowledged electrician according to the locally applying regulations on electric installations. Do not place on a flammable surface. All class I lamps must be earthed in the cable clamp marked with a -sign. Class II lamps may not be earthed. Disconnect from the main supply when fitting lamp or changing bulb. This lamp satisfies to the low tension directive 73/23/EEG with modification 93/68/EEG and the EMC directive 89/336/EEG with modifications 92/31/EEG and 93/68/EEG.

Algemene installatie en onderhoudsrichtlijnen m.b.t. fabrieksgarantie: Het aansluiten en uittesten van de toestellen dient altijd te gebeuren door een erkend elektricien volgens de nationaal geldende reglementen op elektrische installaties. Niet op een brandbaar oppervlak bevestigen. Niet reinigen met solventen en detergenten. Alle klasse I toestellen dienen te worden geaard in de met een -teken gemarkeerde kabelklem. Klasse II toestellen mogen niet worden geaard. De electriciteitstoevoer dient te worden onderbroken bij het plaatsen van het toestel en het vervangen van de lamp. Het toestel voldoet aan de laagspanningsrichtlijn 73/23/EEG met wijziging 93/68/EEG en de EMC richtlijn 89/336/EEG met wijzigingen 92/31/EEG en 93/68/EEG.

Connecting and testing the lamps must always happen by an acknowledged electrician.

1. make a hole \varnothing 75mm-85mm
2. connect to 230V with a heat resistant (preferently porcelain) connector.
3. bend the springs together and insert them in the hole.
4. place the bulb (not included)

Replacement of the light bulb.

Light bulbs get very hot. Ensure to replace defective bulbs only when the device is idle (warning: danger to life) and after an appropriate cooling-down phase(danger of burns). Never use a light bulb with a higher power than indicated.

Base-max. W.

Victor: GU10- 10W

Interrupt the power supply (switch off the electric circuit fuse) and secure it against unauthorized reclosure. Insert a suitable light bulb . Do not touch the bulb with your hands; if you do so, clean with a soft cloth.
